MEMO FOR: RTA

FROM : JKK

STATINTL [REDACTED] of PSD would like to reopen consideration of our providing Superintendent of Documents copies of Summary Maps for sale through the Superintendent of Documents. PSD arrangements were that GPO would reimburse the paper. GPO has been unable to do that. Dollar billings in lieu of paper have only met very small part of the cost. [REDACTED] is doing a cost study and I asked him to be in touch with you for the next round of reconsideration.
